Figma, Sketch, Photoshop, Illustrator,
Wireframing, UI Design, Logo Design

+ ABOUT ME

I'm a front-end developer and designer who loves solving problems and building awesome things for the web, and at my core, I'm a learner. Whenever I see something cool or engaging I immediately need to know how it's done so that I can incorporate it into my own work, and that's led to me learning a little bit about a lot of different things.

+ EXPERIENCE

Front-end Developer

Defnyed Brands

March 2022 - Present

- + Designed, built, and maintained ReactJS components for customizing content and displaying customer data on headless eCommerce Shopify sites.
- + Collaborated across data and marketing teams to implement new features, third party plugins, and applications.
- + Continuously improved code quality, design, accessibility, and performance across websites.

Senior Front-end Developer

Launch That

April 2017 - March 2022

- + Designed and built interactive tools with React, Javascript (ES5/ES6), PHP, Twig, ACF, HTML, and SASS.
- + Led development of new websites and high-converting landing pages, ads, and calls to action with a focus on performance and accessibility.
- + Collaborated with writers, marketers, and other developers to produce new tools, components, and templates focused on improving the user experience and increasing conversions.

Web Designer

NetSource Technologies

November 2012 - March 2017

- + Collaborated with sales team, programmers, and clients through all steps of the website creation process from UI/UX to website launch.
- + Advised clients on identity and strategy; worked to understand client end goals and needs while also being an advocate for the end user.
- + Established and maintained rapport with clients and team members.

+ EDUCATION

Savannah College of Art and Design (SCAD)

BFA - Animation

Graduated June 2012

Santa Fe College

Certification - Digital Media Production

Graduated May 2009
